WHY SHOULD WE HELP COMMUNISTS KILL AMERICANS ?

It may well be the women who will finally save our civilization from its headlong plunge to barbarism and its retreat to the Dark Ages; certainly the male of the species has shown little concern. The "wakened female of the species" could turn back the "stark enthusiasts" of our day: the Messianic devotees of communist feudalism.

It happened in Brazil. In the November, 1964 Reader's Digest, Clarence W. Hall wrote, in "A Country That Saved Itself": "To the women of Brazil belongs a huge share of the credit for stopping the planned Red takeover. By the thousands, on a scale unmatched in Latin American history, housewives threw themselves in the struggle and, more than any other force, they alerted the country." His feature article should be studied by every American. The parallels between conditions in Brazil as he describes them and those in the United States today are chilling and sobering.

"This nation which God has given us, immense and marvelous as it is, is in extreme danger. We have allowed men of limitless ambition, without Christian faith or scruples, to bring our people misery, destroying our economy, disturbing our social peace, to create hate and despair. They have infiltrated our nation, our government administration, our armed forces, and even our churches with servants of totalitarianism, foreign to us and all consuming . . . Mother of God, preserve us from the fate and suffering of the martyred women of Cuba, Poland, Hungary and other enslaved nations." This is a portion of the

THE FEMALE OF THE SPECIES

*When the early Jesuit fathers preached to Hurons and Choctaws,
They prayed to be delivered from the vengeance of the squaws.*

'Twas the women, not the warriors, turned these stark enthusiasts pale.

For the female of the species is more deadly than the male.

'Man, a bear in most relations — worm and savage otherwise, —

Man propounds negotiations, Man accepts the compromise,

Very rarely will he squarely push the logic of a fact

To its ultimate conclusion in unmitigated act.

'But the Woman that God gave him, every fibre of her frame

Proves her launched for one sole issue, armed and engined for the same;

And to serve that single issue, lest the generations fail,

The female of the species must be deadlier than the male.

'She who faces death by torture for each life within her breast

May not deal in doubt or pity — must not swerve for fact or jest.

These be purely male diversions — not in these her honor dwells.

She the Other Law we live by, is that Law and nothing else.

'She is wedded to convictions — in default of grosser ties.

Her contentions are her children, Heaven help him who denies.

He will meet no suave discussions, but the instant, white-hot, wild,

Wakened female of the species, warring as for spouse and child.

moving declaration prepared by the women of Sao Paulo for their impressive "March of the Family With God Toward Freedom," on March 19, 1964.

"WHY SHOULD WE HELP COMMUNISTS KILL AMERICANS?" "The Soviet Union and her East European satellites are sworn to our defeat !!! Communist nations are producing weapons and shipping them to Viet Cong, to kill our sons."

"All communist countries are on the brink of economic collapse. Without the Soviet Union, Communist China could not exist. Every product America sells or gives to communist countries helps them avoid total economic collapse, and frees more of their resources to produce weapons of war to kill our sons. Why does the United States help them?"

"If you think it right to help the communists kill our sons, **DO NOTHING!**" As alternatives, the Mothers' Crusade proposes some most constructive activities. This movement just could be the answer to the creeping horror that has been insinuating its slimy tentacles into every segment of OUR society. It's time the women got mad !! It's time our appeasers and opportunistic politicians felt the wrath of the "instant, white-hot, wild, wakened female of the species, warring as for spouse and child."
